

AQUARIAN AWAKENING

Turning of the Age

In the sacred environment of
Ramadasa Center, CHINA

November 11 – 13, 2011

Ramadasa is a blissful, peaceful place to be, flowing with chi, a natural place for awakening and known as one of the sacred Taoist places for enlightenment.

Join together in a deep meditative experience and process of transformation to usher in a new paradigm of being. The motto of this new age is to experience the truth. As we embrace all facets of our being we become the transparent and crystallized self. Thus we will be real and our authenticity will touch the people and our flow will fill their hearts and thus we will help establish the Age of Aquarius.

Led by Sunder Khalsa, with an international team of Kundalini Yoga Teachers, we will celebrate our common human journey and heritage.
